

Best Rooftop Restaurants in the Country

Few things add atmosphere to a meal quite like a view — a rooftop venue can turn a meal into a sky-high feast. These are the most-special spots on high, in major cities from coast to coast.

Izakaya Den in Denver, Colorado

An architectural stunner, **Izakaya Den** is a huge draw year-round, but warmer weather brings flocks of people to the rooftop. The retractable roof is a nice perk for the inconsistent weather, but the food is spot-on year-round with izakaya-style small plates filled with shrimp and lobster wontons, freshly sliced sashimi and seared wagyu ribeye with pickled mushrooms.
